

**SEL:**

For the next few weeks, our SEL Program will be focusing on setting career goals. With almost a month of school under your belt, it is time to begin looking more closely at your future. Take time this weekend to think about your career interests and goals. At this time in your life, what future career do you picture yourself having? Talk with your parents, friends, teachers, coaches, and counselor to get their feedback. Visit the counseling office for help! From the SEL program, stay healthy!
